DEDICATION

In this book, we set forth the interest of the past years, it joys and victories, its hardships and defeats-in fact, the scholastic history of the student body. We feel that our victories and accomplishments were gained mainly through the prayer and guidance of our beloved teachers. So we, the graduating class of 1948, hereby wishing to honor and thank you, affectionately and respectfully dedicate this annual to you, our teachers;

THE SISTERS OF CHARITY OF THE INCARNATE WORD.

THE CHRISTMAS STAR

The morning star shone brightly
The star of celestial light,
When Our Lord Himself came down on earth;
Oh Blessed Night of Nights.

He brought down peace and justice,
Not war, strife and woe.
He told His story of love on earth
So many years ago.

Oh world that hast forgotten
This Blessed Babe Divine,
And all He meant to all mankind,
Your souls to Him resign.

Again the cry rings 'round the world,
Noel, Noel, it seems to say.
The cry heard many years ago,
Peace on earth this day.

May 25, 1948

I greet St. Mary's Academy on the completion of another successful scholastic year and congratulate the Pastor of Sacred Heart Parish and the Sisters of the Incarnate Word for the splendid progress with which the Academy is being blessed. At the same time I heartily commend their devotion to the cause of Christian education which is contributing so much to the building and maintaining of the Faith in the city of Amarillo.

I congratulate the High School graduates of the Class of 1948, as well as all who have successfully passed the courses leading to an advanced year.

I wish to thank all who have in any way assisted the Academy during the past year and I deeply appreciate the efforts of those who share with me the conviction that the facilities for a good Christian education should be of the highest consideration in planning the future of our Church in this city.

I bestow my blessing to all who have been associated in the achievements of the Academy during the year now ending with graduation.

Devotedly yours in Christ,

+ Lawrence J. FitzSimon

As the golden sun of the future beams o'er the horizon, in the distance its brilliancy partially blinds us to the happy carefree days spent at S. M. A. Let us therefore peruse this annual to refresh our memories, our deeply ingrained lessons and precepts so carefully taught to us by our beloved teachers, and step over the threshold of our high school life together, perhaps for the last time, as we present the three R's

FORTY HOURS

With the offering of the holy sacrifice of the Mass in the academy chapel on Tuesday morning, Jan. 27, the Rev. William R. Lamm, S. M. , of St. Mary's university of San Antonio, opened the students' retreat at St. Mary's Academy.

The exercises began every day with Holy Mass in which the retreatants received Holy Communion. Conferences, Meditations, Rosary, and the Way of the Cross were on the scheduled program, which was closed every day by Benediction of the Most Blessed Sacrament. The periods not taken up with the retreat exercises were devoted to the private interviews of the students with the retreat master.

The students of St. Mary's will not soon forget their retreat of 1948 nor the retreat master, Father W. R. Lamm.

CELIA SAUNDERS- Senior Class President, Sodality Treasurer, Co-Editor of Sunbeam, Senior Recital, School Favorite, Varsity, Choral Club, Bach Club.

This little chick is very well known around old S. M. A. She needs no introduction to the students and very little can be added to the honor given her in being elected our school favorite. Her flashing smile, quick wit, and just plain " ole bounce " will be sorely missed here at the Alma Mater. She was responsible for the success of many projects and will be one of the greatest assets any progressive college could have.

Our best wishes Celia, and don't forget us.

JACQUELINE ROBERTS- Senior Vice President, President of Choral Club, Sodality, Vice President of Athletic Association.

This senior has been running Red Skelton a close race with off-the-record remarks for the past three and a half years. She's our home town comedienne and her dry wit has sent many a hearty roar up to the rafters of St. Mary's. She's clever, and talented. She tells everyone exactly what she thinks without a qualm.

When she laughs it's low but full of meaning. She's wonderful and we hate to part with her-

VIRGINIA McMINN- Senior Class Secretary, Art Editor of Sunbeam, Choral Club, Sodality.

Better known to us as " Ginger "-is very much what her nickname implies, plenty spicy-especially in personality-capable of defending herself and others if the occasion arises. She prefers History to Math any day of the week and thinks Betty Davis is wonderful. She is the artist of the Senior Class, and possesses a remarkable memory-particularly for license numbers. Here's luck to one of our most talented seniors.

NANCY BROWDER- Senior Class Treasurer, Business Manager of Sunbeam, Winner of Radio Speech Contest, Choral Club, Sodality.

Brown eyed, quick tempered Nancy, lively and full of fun has been with us for 10 (groan) years. Fond of horses and cowboy boots she adds a truly western atmosphere to our Senior Class. But Nancy is much more than this. Intelligent and aggressive, she is a true lover of democracy as evidenced by her winning essay in the " Voice of Demorcracy " contest here in the city. Nancy is a devoted friend, a lover of books, dancing, and good shows. Her plans for the future include college (I.W.C.) where she intends to take up Journalism.

After graduation and the sadness of farewells there is one thing we wish to say to you, Dear Nancy, we will not forget you and hope that you may ever hold a place for us in your heart of friends and memories.

JUDITH DELGADILLO- Sodality Prefect, Editor of Sunbeam, Price Football Queen, Runner up for School Favorite, Honor Student, Varsity, Price Cheer Leader, Choral Club.

" Our Judy "--pages could be written on her, none doing her justice. To sum up our Sodality Prefect is difficult. She is our most level-headed, and efficient young senior. She's ambitious and has the drive to fulfill her many future plans.

She refuses to say anything about anyone if it isn't nice and true. She's our sweet Judy-our energetic and hard working Judy. We will never know another to compare with her winning personality, or her unselfishness.

We just want you to remember one thing Judy-we're going to miss you.

MARGIE QUIGLEY- Sunbeam News Editor, Secretary of the Athletic Association, Choral Club, Designer of Sunbeam Cover, Sodality.

Our lovable yankee-joined us mid-term in our Freshman year when her family moved here from Wichita, Kansas. We owe the artistry of our year book cover to her creative genius. She is fond of an active game of tennis and adores summer since at this time she can get a deep copper tan, and lots of exercise, swimming. Yes she's from Kansas--and believe it or not-brags about it!

She plans to attend college back in her home state. We know that we are losing a wonderful gal and only hope that Kansas realizes that our loss is their gain. Luck and good wishes go with you, Margie.

MARION ENGELBRECHT - 1948 Varsity Captain, Secretary of Choral Club, Honor Student Sunbeam Reporter, Sodality.

Introducing Basketball captain and star player!!! To her we owe many victories and to her also, we might add, go our thanks for numerous lessons in sportsmanship and team work. Marion joined us during our Eighth Grade year and became a true S.M.A. girl the same year. Her plans include college and more Basketball. She likes good movies, dancing, and animals of all descriptions. She is also one of our outstanding students-she makes the St. Mary's honor roll at least eight months out of the nine in the school year. And that, my friends is quite an average! We wish you luck, Marion, Basketball and all!!!

CANA JO WILLBURN- Sunbeam Reporter, Senior Cheer Leader, Attendant to Price Football Queen, Choral Club, Sodality.

This pert little cutie joined our class mid-way in our Junior year. From the moment of her entrance she was a complete success-just as she always is. Her disarming smile and friendly brown eyes easily put most self-conscious stranger at ease. She's an interesting conversationalist and proves it without invitation-since she loves to talk. She's a true friend but is sometimes guilty of forming snap decisions which she never regrets. When proven wrong, she admits defeat rapidly but when she's right there's no two ways. We feel lucky in having known you, Cana, even for a short year and a half.

ROSEMARIE ACKFELD- Sunbeam Reporter, Choral Club

Our quiet and thoughtful member-she entered St. Mary's September of '47 and from that time on was a mainstay in our class. Appearing outwardly so quiet and calm, we are sometimes astounded by a sudden burst of energy or a sudden explosion of anger over some thoughtlessness of another. She likes to read and is one of those rare creatures who never seems to be idle or given to wasting time. Truly a good example for the rest of us. Her voice is soft and rarely raised above her normal pitch. She hates to think she ever disturbs anyone and takes great pains to avoid confusion. We think she is wonderful and we wish her all the luck in the world!!

JEANNINE McWHORTER- Co-Chairman of Sodality Social Committee, Sunbeam Typist, Choral Club

Jeannie to you-our blue-eyed blonde entered our class in 1943 when we were a notorious Eighth Grade (and I mean notorious!) She has struggled with us and we think she really belonged with us from the very beginning. She is a very good dancer and the possessor of a lovely voice. Jeannie loves parties and is as happy giving them as attending them. She wants to spend some time of her life in Colorado-and if that's what she wants we think she should have it. Good luck Jeannie, and pleasant journey!!!

KATHLEEN HERRMANN- Sunbeam Gossip Editor, Bach Club, Choral Club, Senior Recital, Sodality

Kathleen, know as Katie here at school, has been with us from the beginning all the way up to the end of our arduous climb. She is our pet soprano and professes a deep interest in dramatics. She loves to dance and act in plays. Katie is spoiled, but not too bad, she has a temper one profits by avoiding when it's burning but she forgives and forgets quickly. We have loved her these twelve years and will miss her. Next year she plans to attend Loretto Heights, in Colorado. We wish you luck, Katie.

IDA KUHLES- Vice President of the Spanish Club, Bach Club, Choral Club, Sodality

"Ikie" joined our class in 1945, our Sopohmore year, and has been a close comrade of ours ever since. She is terribly sentimental over small Scotty dogs and can get more excited over a dance than anyone I know. She likes movies and, check this, has no particular favorite star! Come graduation, she will either go to work or enter business college-her plans are slightly indefinite at this point. We have enjoyed her friendship for these three years and we are looking forward to continuing this friendship for many years to come. Good luck, Ida, and don't forget us!

LELA MARIE HEY- Sunbeam Reporter, Choral Club

Our Colorado protege joined us in September of our Senior year. She is blonde and the owner of piercing green eyes, that seem to observe much more than they reveal. She is extremely fond of pretty clothes as is proved by a look at her extensive wardrobe.

She likes boating but can't swim, what a combination! She also likes horse back riding and dancing. We have drawn the conclusion that we have a versatile and truly lovable American girl in this our Lela. Don't forget us and our best wishes for your future.

VIRGINIA OAKLEY- Senior Class Favorite, Sunbeam Reporter, Choral Club

Virginia, known as Jackye to us, joined our class in our Junior year. This little gal became a hit with us overnight, her bubbling personality and blonde hair caught on quick and we soon found that if ever we needed to depend on someone for a job well-done, Jackye was our gal. She always came through with what she promised and for this we're grateful. We also want to thank her for giving our class a new life and vigor with her continuous chatter and wit. She wants to attend college and stay single for some years. Here's our hearty thanks to you, Jackye and best whishes for your future.

MARIE FUNK- Senior Recital, Attendant to Price Football Queen, Price Cheerleader, Sunbeam Reporter, Choral Club, Varsity

Our "Mi"-another of our twelve year scholars- is one of our star athletes outstanding in both basketball and softball. She is also "Our Dreamer", when those green eyes begin to mist and then fasten on some point quite distant, you might as well forget the question you wanted to ask her- she doesn't even know you exist! During her twelve years here she has been the cause of some unforgettable incidents, yet she fights only for what she considers right. We believe in her and whatever she turns to after graduation, we know she will make it a success. Our best wishes go with you!

BETTY ROSE HANDLEY- Co-Captain of the Class Basketball Team, Sunbeam Typist, Choral Club, Sodality

This petite little item has been familiar with the halls of S. M. A. for twelve straight years, and we know we would never have made Graduation Day without her. Our Bets has been the best friend in need we can think of and one of our hardest little workers. She has helped run up many a score in a hard and fast basketball battle and though small, believe me she knows how to duck, dodge and shoot with the best of them. She has a sweet soprano voice and proved it in our renowned Minstrel show. We are certainly going to miss this ray of sunshine and hope next year, but Betty, we will not forget you!

MARY GRIFFIN- Choral Club, Sodality

One of our late entries, joined us at mid-semester of this, our Senior year, and is already a full fledged member of the group. Arriving from Denver she enrolled at S.M.A. and from the first day we loved her. She entered wholeheartedly into our work, our joys, and our sorrows. She is a rabid sports fan, her only lament being the fact that Amarillo has no facilities for ice-skating! She likes dances and parties and fun in general. If ever there was a girl who knew how to enjoy life- Mary is that girl. She would like to go to college, at any rate we know she will be a big hit whatever she does. We have enjoyed your friendship and hate to part with you, but here's Good Luck!!!

BETTY HERMAN- Choral Club, Sodality

Presenting our latest addition-one Betty Herman- well known from our Freshman year. Betty left us that year for Chicago, (horrors!) but between semesters she came back to join us in our Senior year. We find she is the same lovable girl- the same wise-cracking, always joking Betty that we once knew, and we are very glad of it. She likes to dance and play basketball- pity the opposing team- and has a very good voice. She wants to attend college, preferably Stevens. Anyway, wherever you go, Betty, don't forget us cause we will long remember and treasure your friendship.

SENIOR CLASS PROPHECY

On a beautiful May afternoon, in the year 1958, we find the famous Powerless model BETTY HERMAN gracefully ascending the steps to our town's largest Lime and Cement Company. Suddenly she slips on a banana peel and slides, not too gracefully, down to the concrete below; in her moment of distress, who should appear but JUDY DELGADILLO faithful companion of her school days, now the famous tight-rope walker. Somewhat abashed, Betty finds herself gently helped into the spacious building, where to their surprise they come face to face with--the co-owner CELIA SAUNDERS;

After the ''howdies'' have been exchanged, the business Manager, JACKIE ROBERTS, appears announcing the completion of her new invention, THE ATOMIC SEEING EYE, now ready for use. Upon Judy's suggestion to ascertain what the other member of the class '48 are doing, she proudly and efficiently works the complicated machinery and lo!!-- on the screen appears Sister David, formerly MARIE FUNK, the expert teacher of a bored Bookkeeping class. As Jackie presses the button we see Jeannine in an exclusive cafe----------washing dishes. (It looks like she got her wish!!) But whom do we now see? Why, it's none other than JACKIE OAKLEY beautifully curling her little daughter's ''BLONDE'' hair. The next-one to greet us is NANCY, the charming, well-preserved matron of the home for aged ladies. My! Dosn't CANA JO still look pretty! and look, Robert Mitchum is bestowing the Acadeny Award for her performance in THE LOVES OF LIZA.

In that giant sky-scraper, in New York we spy GINGER artistically illustrating roBob --- MARY GRIFFIN'S latest comic strip. A determined push of the button discloses IDA speeding (as usual) in her newest Neusch Cab. Nervously fingering the script of the Opera Carmen in which she stars, KATIE is directing her to the Metropolitan Opera House. A very familiar scene is now thrown on the screen. Indeed, it's Cathedral Hall. And from the cheers, it is very evident that the UNDEFEATED team of SAINT MARY'S has just won another game thanks to the efficiency of the now internationally known coach, MARION ENGELBRECHT.

The next screen flash shows us the Boston Institute of Technology, where ROSE MARIE holds the office of .....head janitor. We are out in the country now, where we see LELA MARIE checking eggs for market from her spacious chicken farm. Who would have thought it--Lela, playing nursemaid to cackling chickens! Now, there is little Betty Rose who has become an ardent church-goer: her study of architecture has taken her to practically every church in the world. The scene is now focused on WICHITA, KANSAS. We peep in at a certain private studio to behold MARGIE busily drawing mustaches and sideburns on her latest portrait of ''Just Plain Sam, the People's Man.''

As this last scene fades, Betty, glancing at her watch, with a gasp of astonishement, announces that she is already late for her modeling appointment. After hasty good-byes, Judy and Betty reluctantly take leave of their old school mates, not, however, without the promise of another ''class meeting in the near future through the use of Jackie's MAGIC EYE.

TO HER KEEPING

(To our Seniors on Graduation Day)

O Stella Maris, see
A craft of tiny barques-
The buoyancy of youth
Allied to love of Truth-
Their sails,
To-day puts out to sea. Watch o'er them.

When toward the mine-laid deep
They, care-free would steer
Without thought of fear,
Youth acts not the seer,
Mother, their course safe keep.

While Success bedims their sight,
And heedless they speed
Impatient to lead,
Though waves unseen rage high,
Mother, draw nigh.

While earth's glory they share
They feel Sorrow's dart
Resent keenly its smart
And comfort from creatures they crave,
Mother, enfold them in prayer.

Sails slowly lower; billows yet foam
Mother, lend them your might
In this latter plight
Lead them safe to the harbor's Light
'Tis Eventide...welcome them Home.

Cinderella Dance

AT A SEMIFORMAL DANCE sponsored by Our Lady's sodality of St. Mary's academy, Amarillo, Jan. 30, Celia Saunders was crowned school favorite. The ceremony of crowning was performed by Judith Delgadillo, sodality prefect. Celia's escort for the evening was Joseph Gulde. Her attendants were the class favorites: Jackie Oakley, senior; Lucy Gregory, junior; Sally Quigley, sophomore; and Joyce Keller, freshman. Early in January, each class chose the class favorite; and the high school student body chose the school favorite.—(Edwards studio photo)

Junior and Senior students
of St. Mary's Academy and Price
college will remember for the rest of their lives the prom given by the Juniors for the Seniors Tuesday evening, May 13.

Cathedral Hall, where the prom was held, looked like something from a book thanks to much work by Juniors of the two schools who began early in the year working and raising funds for the prom. The decorations defy description, but were done most skillfully with the aid of a decorator. Typical May colors----pink, pale green and white were used to form beautiful fluttery curtains at the windows, and decorated identical booths at either side of the floor-one for the Hugo Loewenstern band and one for the punch service. Vari-colored ballons decorated ceiling lights and floor baskets of spring flowers at vantage points thoughout the hall. The stage was really a picture, covered with artificial grass and bearing baskets of flowers, white wrought iron garden furniture and a matching arch, through which each girl and her escort were presented.

As always at such an occasion a note of sadness was present, but the youngsters soon dispelled that with the magic of music and dancing.
